Determine Your Area of Study

What subject/career are you planning to pursue that have all 3 of the following characteristics?

1. **Genuinely interests you**
2. **You have an aptitude for**
3. **And offers a living wage and benefits?**

-
- ❖ Verify your listed ideas with actionable activities like internships, job shadowing or interviews. Ask people in these careers to describe a typical day in their job. If possible, intern or job shadow to confirm you will enjoy this career before investing the time and money pursuing the subject in college.

Determine Your Academic Culture

Degree Offerings: I need a college that

- Offers a certificate/degree in a trade/technical skill in _____
- Offers a two-year associate 2-year degree or certificate in _____
- Offers a four-year degree in _____

After talking with my parents and filling out my [College Budget](#),

I can afford the following per year:

- 0-10 Thousand Dollars
- 10-20 Thousand Dollars
- 20-30 Thousand Dollars
- 40+ Thousand Dollars

Size of School: I see myself at a college that is

- Smaller than my high school
- Same as my high school
- Bigger than my high school

Distance: I want a college that is

- Commutable - within an hour from my house
- No more than 3 hours away from home - can easily be picked up for breaks
- No more than 6 hours away from home - within a day's drive one way
- Can be very far away - flying back and forth is a financial option for me

Culture: I

- am okay with a small town with little to do beyond studying and campus life
- require a city with diverse restaurants, recreation and entertainment options

Student Body

- I'm fine with a professional/commuter college where the average age is 26
- I want a typical "collegy" vibe where the average age is 20

School I am Interested In

-
- ❖ Verify the college is known for being strong in your area of study and meets your budget.

Prepare a College Resume to drop off NOW for fall jobs at your college of choice.
